

Dean Lewis - Be Alright

Capo IV

[Verse 1]

Em C
I look up from the ground to see your sad and teary eyes
G Bm
You look away from me and I see there's something you're trying to hide
Em C
And I, reach for your hand but it's cold, you pull away again
G Bm
And I, wonder, what's on your mind-ind-ind

[Pre-chorus]

C Em
And then you say to me "you made a dumb mistake"
Dadd4
You start to tremble and your voice begins to break
C Em
You say the cigarettes on the counter weren't your friends, they were my mates
Dadd4
And I feel the colour draining from my face

And my friends said...

[Chorus]

Em C
I know you love her but it's over mate
G Dadd4
It doesn't matter, put the phone away
Em C
It's never easy to walk away
G Dadd4
But let her go oh oh oh
It'll be alright

[Verse 2]

Em C
So I asked to look back at all the messages you'd sent
G Bm
And I know it wasn't right but it was fucking with my head
Em C
And everything deleted like the past year was gone
G Bm6
And when I touched your face I could tell you're moving on

[Pre-chorus]

C Em
But it's not the fact that you kissed him yesterday
Dadd4
It's the feeling of betrayal, that I just can't seem to shake
C Em
And everything I know tells me that I should walk away
Dadd4
But I just want to stay...

And my friends said...

Dean Lewis - Be Alright

Capo IV

[Chorus]

Em C
I know you love her but it's over mate
G Dadd4
It doesn't matter, put the phone away
Em C
It's never easy to walk away
G Dadd4
But let her go oh oh oh

It'll be okay

Em C
It's gonna hurt for a bit of time
G Dadd4
So, bottoms up, let's forget tonight
Em C
You'll find another and you'll be just fine
G Dadd4
Let her go oh oh oh

[Bridge]

Em C
But nothing heals
G D
The past like time
Em C
And they can't steal
G Dadd4
The love you're born to find
Em C
But nothing heals
G D
The past like time
Em C
And they can't steal
G Dadd4
The love you're born to find

[Chorus]

Em C
I know you love her but it's over mate
G Dadd4
It doesn't matter, put the phone away
Em C
It's never easy to walk away
G Dadd4
But let her go oh oh oh

It'll be okay
