Lewis Capaldi - Someone you loved   **Capo I**

[Intro]
C   G   Am   F

[Couplet 1]
```
C                 G                    Am    F
I'm going under and this time I fear there's no one to save me
C                 G                    Am    F
This all or nothing really got a way of driving me crazy
           C          G          Am              F
I need somebody to heal, somebody to know, somebody to have, somebody to hold
          C              G
It's easy to say but it's never the same
            Am                      F
I guess I kinda liked the way you numbed all the pain
```

[Refrein]
```
           C            G
Now the day bleeds into nightfall
          Am              F
And you're not here to get me through it all
            C            G
I let my guard down and then you pulled the rug
            Am                    F
I was getting kinda used to being someone you loved
```

[Couplet 2]
```
C                 G                    Am    F
I'm going under and this time I fear there's no one to turn to
C                 G                    Am    F
This all or nothing way of loving got me sleeping without you
              C          G          Am                    F
Now I need somebody to know, somebody to heal, somebody to have, just to know how it feels
          C              G
It's easy to say but it's never the same
            Am                      F
I guess I kinda liked the way you helped me escape
```

[Refrein]
```
            C            G
Now the day bleeds into nightfall
            Am              F
And you're not here to get me through it all
              C              G
I let my guard down and then you pulled the rug
              Am                    F
I was getting kinda used to being someone you loved
```

[Bridge]
  Dm   **Am**   **G**
And I tend to close my eyes but it hurts sometimes
     Am   **Dm**
I fall into your arms
     Am   **G**
I'll be safe in your sound 'til I come back around

[Refrein]
        C   **G**
For now the day bleeds into nightfall
      Am   **F**
And you're not here to get me through it all
      C   **G**
I let my guard down and then you pulled the rug
        Am   **F**
I was getting kinda used to being someone you loved

        C   **G**
But now the day bleeds into nightfall
      Am   **F**
And you're not here to get me through it all
      C   **G**
I let my guard down and then you pulled the rug
        Am   **F**
I was getting kinda used to being someone you loved

[Outro]
        C   **G**
I let my guard down and then you pulled the rug
        Am   **F**   **C**
I was getting kinda used to being someone you loved
